Patent
Serial No. 10/528,681
Amendment in Reply to Final Office Action of October 4, 2007

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Original) A system for operating with different types of media content, the system being arranged to enable a user to use a first content of a first type, characterized in that the system comprises: identifying means for identifying that the user concurrently uses a second content of a second type, said second content being unrelated with the first content, and associating means for associating said second content with the first content.
2. (Original) The system of claim 1, further comprising storage means arranged to store meta-data comprising information pertaining to said associated first and second content.
3. (Original) The system of claim 1, further comprising selection means arranged to select the content.
